SUBJECT: Letter of Recommendation for Mohammed Khasawneh

During his two-year tenure at the University of Central Arkansas, I have had the privilege of working with Mohammed as an MBA student and as a MBA advisee.

Mohammad has repeatedly proven himself to be **outstanding**. I have been extremely impressed with his creativeness, professionalism, abilities, motivation, resourcefulness, and willingness to do more than is asked of him. His technology skills are exceptional. He demonstrated courage and commitment to learning by coming to the US to study. He is a highly motivated, success-oriented student, who sets lofty goals and is willing to make the sacrifices necessary to achieve them.

I **highly** recommend Mohammad as an employee. I will gladly furnish additional information, if needed.
